

15 June 1961

Lakehead Amateur Radio Club

The monthly meeting of the L.A.R.C. was held on Thursday June 15 in the Civil Defence Building, Fort William.

Twenty members and guests present.

The meeting was called to order by President George Lord - VE3BYG at 8:34 pm.

Following roll call the minutes of the previous meeting were read by the Secretary. These were adopted on motion of Don Brown - VE3EDJ, seconded by Steve Bush - VE3EBS.

A general discussion on the Bulletin "High Q" with a proposed August issue to advise members re the arrangements for the Grand Marais picnic. Also suggested by Les Harris - VE3AYZ was a method of indicating the date of the issue on the cover of "High Q".

President George Lord spoke re the advantages of the Club affiliating with the A.R.R.L. He suggested a survey of members be made to find out how many subscribe to QST or who intend to do so. This should be completed and sent in not later than two weeks following the summer issue of "High Q".

President Lord also proposed general meetings in a different manner than in the past and that the attending members be arranged into different groups such as "Novice and beginners - DX - Construction etc."

Les Harris - VE3AYZ spoke regarding the Advanced Amateur Certificate now being issued by the D.O.T. A syllabus on the subject is available from the RI's office.

Meeting closed 10:20 pm.
